Medicare Annual Enrollment: APPRISE Medicare Counselors are Ready to Help Beneficiaries Navigate the Confusion

Lebanon, Pennsylvania – Medicare Annual Enrollment is October 15 through December 7, 2016. If Medicare recipients miss the opportunity to make adjustments to their plans now, they will have to wait another year.

Medicare Enrollment Deadlines:

- **Medicare’s Annual Coordinated Election Period (AEP)** will take place October 15-December 7, 2016. Both Part D AND Medicare Advantage plan members must make plan changes at this time.
- **Medicare’s Annual Disenrollment Period (ADP)** will take place from January 1-February 15, 2017. People with Medicare Advantage (MA) plans will only be able to return to Original Medicare and join a stand-alone prescription drug (Part D) plan.

APPRISE counselors will be available to assist people with assessing their Medicare coverage options this enrollment season. The Lebanon County APPRISE Program will be holding [Medicare Annual Enrollment Events](#) at the Senior Center Building **by appointment only** during October 15th through December 7th. “For over 14 years, the **Lebanon County Area Agency on Aging/APPRISE** Program has helped thousands of beneficiaries understand their Medicare rights and options and to navigate an increasingly complex Medicare environment” said LCAA Director, Carol Davies. “Due to the tireless efforts of the **LCAA/APPRISE Program’s** dedicated staff and volunteers, beneficiaries have had a helping hand to guide them through the maze of choices.”

Beneficiaries may also use online tools available at www.medicare.gov (the Medicare Prescription Drug Plan Finder for health coverage) to review options. They can compare cost and coverage information on plans serving their area by entering their Medicare number, age, health status, local pharmacy and their current prescriptions.

“LCAAA/APPRISE Program volunteers and staff serve our community with tremendous enthusiasm and purpose,” says Roslyn Rogers, APPRISE Program Manager, PA Dept. of Aging. “Without their assistance, we would not be able to provide the services vital to the health and well-being of our community.”
