Washington, DC 20426

Re: Docket No. CP15-138-000 – Atlantic Sunrise Project

Dear Honorable FERC Commissioners:

As the Lebanon County Board of Commissioners, we are making a formal request that the Federal Energy Regulatory Commission (FERC) require Williams Transcontinental Gas Pipe Line Company to make additional in-depth study on traversing sinkhole-prone karst geology. This geology is particularly apparent in North Annville Township, South Annville Township and South Londonderry Township, especially at Route 422 and Clear Springs Road where Clear Springs Crossing Mall is being built in Lebanon County, PA. These areas are constantly subjected to jarring and shaking from Fort Indiantown Gap artillery blasts, Pennsy Supply quarry blasts and trains passing through.

Your response to our request will be deeply appreciated.

Sincerely,

William E. Ames

Robert J. Phillips

Jo Ellen Litz

Lebanon County Commissioners
