

State Transportation Commission
2019 Twelve Year Program Update

Tell Us What YOU Think

Every two years, the State Transportation Commission and the Pennsylvania Department of Transportation update the current Twelve Year Transportation Program which outlines Pennsylvania's next 12 years of transportation projects. An important step in this process is to hear from you.

Safety & Efficiency are our Priorities for You:

Leslie Richards
Secretary of Transportation

What are your priorities? The 2019 Twelve Year Program update begins in March 2017 with an open comment period through April 19, 2017.

Your feedback is necessary to ensure our transportation system is safe and efficient. Please tell us what you think through the public survey and online public meeting.
